Caregiver KICKS

National Caregivers Day History!

Providers Association for Home Health, Hospice & Healthcare Agencies, (PAHHHA) founded National Caregivers Day.

PAHHHA feels strongly for those who care for others. In 2015 a proclamation was granted to designate National Caregivers Day, observed the 3rd day in February.

Showing Appreciation

Over the past years PAHHHA celebrated Caregivers Day by donating gift certificates, annual luncheons, etc.

Providers Association for Home Health, Hospice & Healthcare Agencies invite you to join in as we donate 100's of Shoes & 1000's of Masks Honoring Caregivers!

In lieu of the Covet-19 Crisis, PAHHHA is celebrating and honoring Caregivers who are relentlessly working the front lines, by donating 100's of shoe gear and 1000's of masks.

You often hear of nurses, doctors, etc.... receiving donations, i.e. masks, sanitizers, food, etc....during this pandemic, PAHHHA is honoring dedicated Caregivers who are providing vital services as well.

Please assist us by donating and celebrating Caregivers.

PAHHHA is a 501c3 Non-Profit Organization. All donations are tax deductible and can be made via:

the PAHHHA [Caregiver Donation Page](#), or by checks payable to

The Provider's Association
2665 Villa Creek Dr., Ste. 201,
Dallas, TX 75234

The Providers Association is committed to making education and resources accessible to Caregivers.

Thank you in advance for joining us as we share Care to the Caregiver.
